There were no significant changes in the nature of the Group's principal activities during the period. The Group's principal objective is to create value through the discovery and development of mineral resources.

#### Operating results

The consolidated interim statement of profit or loss and other comprehensive income shows a loss after tax of \$3.3 million for the half-year ended 31 December 2018 (2017: loss \$3.0 million).

#### **Review of operations**

During the Half-Year, Rex Minerals Ltd (Rex or the Company) completed its successful capital raising which was announced on 12 June 2018. Following shareholder approval, the Company issued 21.4 million ordinary shares and received \$2.4 million before costs for Tranche 2 and issued a further 9.3 million ordinary shares for an additional \$1.0 million for the Share Purchase Plan, before costs. The Company also issued 3.0 million shares following the exercise of options during the period.

Rex entered into a full assignment of the Adelaide office lease to a new tenant and relocated its registered office and principal place of business to Level 6, 1 Collins Street, Melbourne during the Half-Year. The lease assignment represents a saving on the Company's remaining five-year lease commitment totalling approximately \$2.5 million.

The Company continues to work towards completion of the plans previously outlined as part of the capital raising. The Chinese Feasibility Study is nearing completion. The Rex team met in China in late October to review in detail several design and supply proposals that were put forward, with follow-up work on some of these design and supply proposals underway. The Extended Feasibility Study update to 2018 dollars is progressing, following refinement in several scope areas including the power supply options and pricing assumptions.

As the copper market improves, these updated Studies will then allow Rex to enter into discussions to advance the financing of the Hillside Project.

In September 2018, Rex received formal feedback on the Program for Environment Protection and Rehabilitation (PEPR), coordinated by the State Government's Department for Energy and Mining (DEM), which collated all feedback provided to date, along with additional detailed comments. Rex is now meeting regularly with the DEM and other government departments responding to the feedback and updating the PEPR where required for the Hillside Project.

#### Events since the end of the reporting period

Rex issued 2.0 million unquoted Options on 14 February 2019, at an exercise price of 8.4 cents per option with an expiry date of 31 January 2023 under the Company's Option Incentive Plan (OIP). The OIP is an important component of the Company's focus to attract and retain the best team to deliver results, align those employees with shareholder interests and conserving valuable cash resources.

On 18 February 2019, Rex announced the appointment of Ian Smith and Ron Douglas to the Board of Directors, they will significantly enhance the strategic, technical and operational talent in the Company.

#### Lead Auditor's Independence Declaration

#### 7. Loss on write-off of fixed assets

The loss on write-off of fixed assets has been incurred following the assignment of the Adelaide office lease. The fixed assets written-off reflect the net book value of the original office fit out, which was being depreciated over the life of the lease.

#### 8. Commitments

The Group no longer has any office lease commitments following the assignment of the lease of its Adelaide office.

#### 9. Contingencies

The Directors are of the opinion that there are no matters for which provision is required in relation to any contingencies, as it is not probable that a future sacrifice of economic benefit will be required or the amount is not capable of reliable measurement.

The Group's bankers have provided guarantees amounting to \$20,000 to certain Government bodies as security over the Group's performance of rehabilitation obligations on certain tenements. Under the agreement, the Group has indemnified the bank in relation to these guarantees. The guarantees are backed by deposits amounting to \$20,000 as at 31 December 2018.

The Group's bankers have provided a guarantee amounting to \$233,215 regarding an office lease as security over the Group's obligations regarding the lease held. Under the agreement, the Group has indemnified the bank in relation to this guarantee. The guarantee is backed by a deposit amounting to \$233,215 as at 31 December 2018. The lease to which this relates has now been fully assigned and the bank guarantee will be returned to the Group by the landlord.

## Independent Auditor's Review Report

#### To the Directors of Rex Minerals Ltd

#### **Report on the Consolidated Interim Financial Report**

We have reviewed the accompanying *Consolidated Interim Financial Report* of Rex Minerals Ltd and its subsidiaries (the "Group").

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the Consolidated Interim Financial Report of the Group is not in accordance with the *Corporations Act 2001*, including:

- giving a true and fair view of the Group's consolidated financial position as at 31 December 2018 and of its consolidated performance for the half-year ended on that date; and
- complying with Australian Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Regulations 2001.

The Consolidated Interim Financial Report comprises:

- Consolidated interim statement of financial position as at 31 December 2018;
- Consolidated interim statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date;
- Notes 1 to 10 comprising a summary of significant accounting policies and other explanatory information; and
- The Directors' Declaration.

The *Interim Period* is the six-months ended on 31 December 2018.

#### Responsibilities of the Directors for the Interim Financial Report

The Directors of the Group are responsible for:

- the preparation of the Interim Financial Report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001; and
- for such internal control as the Directors determine is necessary to enable the preparation of the Interim Financial Report that is free from material misstatement, whether due to fraud or error.

#### Auditor's responsibility for the review of the Interim Financial Report

Our responsibility is to express a conclusion on the Interim Financial Report based on our review. We conducted our review in accordance with *Auditing Standard on Review Engagements ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity,* in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the Interim Financial Report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Group's consolidated financial position as at 31 December 2018 and its consolidated performance for the half-year ended on that date; and complying with *Australian Accounting Standard AASB 134 Interim Financial Reporting* and the *Corporations Regulations 2001.* As auditor of the Scheme, *ASRE 2410* requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of an interim financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with *Australian Auditing Standards* and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
